Recognized Body
TÜV NORD Systems GmbH & Co. KG

General rules

1. This approval shall be presented on request, prior to the execution of welding work by the competent authority or the contractor.
2. For advertising and other purposes, this approval may only be reproduced or published in whole. The text of advertising leaflets shall not be inconsistent with this approval.
3. Change of the person (s) named in this certificate for the performance of welding supervision tasks, as well as changes in the welding process or essential parts of the operational equipment necessary for the welding work shall be reported to the recognized body in proper time and will be re-examined if necessary.
4. If there are doubts about the suitability of the company, unannounced inspections and inspections during operation done by the accredited body are anytime possible.
5. This approval may be withdrawn, supplemented or amended at any time, with immediate effect and without compensation, in particular if
the conditions under it was granted have changed,
or
if the rules of this approval are not met.
6. At least two months before the expiry of the period of validity, an application shall be submitted to the recognized body again if suitability should be further certified.

Remarks:

Approval applies to welding of parts for military vehicles and equipment covered by component classification BK4 to BK2

Welding Coordinators Mr. Mathew Billman and Mr. Craig Jones are authorized for evaluation and approval of qualification tests of welders and welding operators as well as evaluation and approval of tests for the approval of welding procedure specifications.
